CORPORATE PROFILE

Universal Storage Systems, Africa's leading manufacturer of racking and shelving, markets a range of warehousing and storage products and systems.

The company, through the use of its own research, technology and highly trained engineers, plus access through international relationships, has a reputation of being able to develop solutions for most storage challenges.

Serving the Republic, through a network of company branches and distribution centres, Universal Storage Systems has developed a reputation for excellence in South Africa. The company has also established an expanding base of export countries-such as the Middle East, Australia, Africa and the UK.
